

Dear Hiring Manager,

I am thrilled to apply for the Analyst position at HCL Tech. As a final-year Computer Science Engineering student with hands-on experience in SAP ABAP and a track record of delivering innovative solutions, I am eager to bring my expertise to your esteemed team.

During my internship at Ford Motor Company, I honed my skills in ABAP and ABAP OOP, mastering data conversion techniques such as BDC, LSMW, LTMC, and BAPI. I actively contributed to RICEF development, enhancing data migration efficiency and ensuring unparalleled data accuracy. By collaborating with cross-functional teams, I played a key role in delivering seamless and robust SAP ERP solutions. This experience instilled in me a deep understanding of SAP modules and an appreciation for crafting user-centric solutions.

My technical journey extends beyond SAP to projects that showcase my versatility:

- **Emotion Prediction Model:** Developed an RNN model to identify and classify emotions in real-time, demonstrating practical AI applications.
- **Face Recognition Attendance System:** Built a system using CNN and MySQL to automate attendance tracking efficiently.
- **Handwritten Digit Predictor:** Created a CNN model to process and classify handwritten digits with precision.

Beyond technical expertise, I bring:

- Proficiency in ABAP/ABAP OOP, CDS views, and OData Services.
- Experience with AI technologies, including frameworks like TensorFlow and Keras.
- Strong analytical, problem-solving, and time-management skills.
- Multilingual communication abilities, fluent in English, Hindi, Tamil, and Malayalam.
- A passion for collaboration and continuous learning, driving me to excel in fast-paced environments.

I thrive in dynamic environments that foster continuous learning and innovation. Joining SAP presents an exciting opportunity to contribute meaningfully while growing alongside industry leaders. The prospect of leveraging my technical skills to build cutting-edge solutions aligns perfectly with my career aspirations.

I would be delighted to discuss how my background and skills align with your team's vision. Thank you for considering my application.

Warm regards,

Brijesh
